Professional Summary

Final-year Computer Science Engineering student with internship experience in Python Full Stack Development and hands-on experience in web application development using Python, Django, React.js, and MongoDB through academic projects and internship training. Seeking an entry-level Software Developer role to apply programming, web development, and problem-solving skills while contributing to innovative software solutions.

Technical Skills

Programming Languages: Python, Java

Frontend: HTML, CSS, Tailwind CSS, JavaScript, React.js

Backend: Node.js, Express.js, Django

Database: MySQL, MongoDB

Version Control: Git, GitHub

Tools: VS Code, Open AI, Vercel, V0 by Vercel, Render, Splunk

Concepts: REST API Integration, Responsive Web Design, SDLC, OOPS, Basics of Cybersecurity

Soft Skills: Problem Solving, Adaptability, Team Collaboration, Communication, Time Management, Attention to Detail, Curious Learner

Internship

Ocean Academy, Pondicherry

(Feb 14, 2026 – April 10, 2026)

- Completed a 2-month Python Full Stack Development Internship, developing web applications, integrating RESTful APIs, testing application functionality, and maintaining responsive user interfaces using Python, Django, JavaScript, and MongoDB.
- Developed a responsive Python Masterclass landing page using React.js, creating an engaging user interface and mobile-friendly design to support training program promotion.

Projects

Web-Based Campus Library Management System

Built a full-stack Campus Library Management System using React.js, Node.js, Express.js, and MongoDB. Implemented user authentication, book management, reservations, overdue tracking, and fine calculation, enabling efficient data retrieval, server-side processing, and streamlined library workflows.

Student Management System

Developed a Student Management System using Python, Django, and MongoDB, implementing CRUD operations, database integration, clean code practices, and responsive user interfaces for efficient student record management.

Placement Drive Management System

Built a Placement Drive Management System using Python, Django, and MongoDB. Implemented role-based authentication, company and drive management, eligibility verification, and application tracking features. Developed responsive interfaces and integrated database operations to streamline placement activities and efficiently manage student, company, and recruitment records.

Education

B.E. Computer Science Engineering

C.K. College of Engineering & Technology, Cuddalore (Anna University) (2022 - 2026)

CGPA: 7.61/10 (up to 7th semester)

8th Semester Completed – Results Awaited

HSC

Kamaraj Matriculation Higher Secondary School, Chidambaram (2021 – 2022)

State Board of School Examinations, Tamil Nadu

Department of Government Examinations, Chennai - 600 006

68.3%

SSLC

Kamaraj Matriculation Higher Secondary School, Chidambaram (2019 – 2020)

State Board of School Examinations, Tamil Nadu

Department of Government Examinations, Chennai - 600 006

62.2%

Certifications

- NPTEL - 'Joy of Computing using Python' - Elite Certification
- NPTEL - 'Programming in Java' - Elite + Silver Certification

Leadership Skills

- Coordinated a 5-hour college hackathon involving 100+ participants, demonstrating leadership, teamwork, communication, and event management skills.
- Volunteered at the Tech Fest 2026 a National Level Conference, conducted by Ocean Academy – Pondicherry, supporting event coordination, participant management, and operational activities.

Co-curricular Activities

- Participated in an industrial visit to NSIC, Chennai to gain exposure to software development practices and industry workflows.
- Participated in an industrial visit to 8Queens Software Technologies, Chennai to understand web application development processes and modern software engineering practices.
- Presented the Alumni Connect – No-Code Alumni Management System at the GenNext Vision Project Expo conducted by IFET College of Engineering, demonstrating a no-code solution for alumni engagement and communication.

Extracurricular Activities

- Delivered freelance graphic design and video editing projects, developing visual content for clients while demonstrating creativity, attention to detail, time management, and client communication skills.
